

# **URGENT WARNING to Xcel Customers – *Time is SHORT!* SMART METERS to be installed on homes in western Wisconsin beginning in **June** with **NO OPT OUT OPTION.****

**Once they are installed Xcel will not let you remove them unless litigation!  
Did they ask you? NO! **Fight back NOW!****

See more at the Xcel link here. Make sure to look at the Wisconsin FAQs link  
<https://wi.my.xcelenergy.com/customersupport/s/projects/smart-meter-installation>

**Use Duck Duck Go browser** to research SMART METERS also 5G and WiFi  
This is just to get you started... Do your own research to verify and find the truth.

## **SMART Technology ACRONYMS (Which one is it? Is it both?)**

S = self-	S = secret
M = monitoring	M = militarized
A = analysis	A = armament
R = reporting	R = residential
T = technology	T = technology

## **WILL CAUSE HIGHER ENERGY BILLS... PLUS!**

***Your energy bills will be 10-15% higher because you will be charged for transient power that you do not use. Also the transient voltage may do damage to your appliances and heating/cooling power switches – watch the video in red below***

### **GOOD OVERVIEW INFORMATION HERE**

Article: Most Utility "Smart" meters (Electric, Gas, and Water) Emit Very Strong Pulses of Harmful Radiation 27/7: How to "Opt-Out" dated March 21, 2022

Read the whole article but in watch the video of William Bathgate testimony before Michigan House Energy Commission regarding transient voltages. Mr. Bathgate is an Electrical Engineer 40 years industry experience, worked for Emerson Electric built power supplies and high current power switching systems for utilities and large industrial buildings.
